## Independent Auditor's Report

Board of Directors  
Special Olympics Illinois  
Normal, Illinois

We have audited the accompanying financial statements of Special Olympics Illinois (Organization), which comprise the Statements of Financial Position as of December 31, 2020 and 2019, and the related Statements of Activities, Cash Flows, and Functional Expenses for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Special Olympics Illinois as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter Regarding a Change in Accounting Principle**

As discussed in Note 1 to the financial statements, Special Olympics Illinois adopted the provisions as issued by the Financial Accounting Standards Board under Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, as amended by ASU No. 2015-14. This update was adopted for the year ended December 31, 2019. The adoption of this ASU did not result in a change to the accounting of any of the Special Olympics Illinois' revenue streams; as such, no cumulative effect adjustment was recorded. Our opinion was not modified with respect to this matter.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2021, on our consideration of Special Olympics Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Special Olympics Illinois' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Special Olympics Illinois' internal control over financial reporting and compliance.

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors  
Special Olympics Illinois  
Normal, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Special Olympics Illinois (Organization), which comprise the Statement of Financial Position as of December 31, 2020, and the related Statements of Activities, Cash Flows, and Functional Expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 15, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2020 and 2019

---

### 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities. Special Olympics Illinois (Organization) is a nonprofit corporation organized under the laws of the State of Illinois for the purpose of providing year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympic athletes and the community.

#### Significant Accounting Policies

Basis of Accounting – All items of revenue and expense are recorded on the accrual basis of accounting.

Financial Statement Presentation – The Organization distinguishes between contributions received for each net asset category in accordance with donor-imposed restrictions and reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restriction and net assets with donor restriction.

Net Assets Without Donor Restriction – Net assets presently available for use by the Organization at the discretion of the board.

Net Assets With Donor Restriction – Net assets subject to donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations and net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization.

These resources originate from donations and grants. See Note 7. When a donor restriction expires, net assets with donor restriction are reclassified to net assets without donor restriction and reported in the Statement of Activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

**1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Significant Accounting Policies (Continued)

Cash and Cash Equivalents – The Organization considers all cash on hand, cash in checking accounts, cash in money market accounts and certificates of deposit with initial maturities of three months or less to be cash and cash equivalents.

Receivables – The allowance is based on previous experience and management’s analysis of specific variables. Management considers all accounts receivable to be fully collectible, therefore no allowance for uncollectible receivables is considered necessary. All receivables as of December 31, 2020 and 2019 are due in less than one year.

Investments – Investments are stated at their fair values in the Statements of Financial Position. Unrealized gains and losses are included in the Statements of Activities. Investment income is reported net of external and direct internal expenses and is classified as income without donor restrictions unless the use of the income is limited by donor restrictions. If a restriction is fulfilled in the same time period in which the investment income is received, the investment income is reported as net assets without donor restriction.

Inventory – Merchandise held for use and sale is stated at the lower of cost (first-in, first-out) or market.

Property and Equipment – Expenditures for the acquisition of property and equipment over \$1,000 are recorded at cost less accumulated depreciation. Depreciation is charged against revenue over the economic useful life of the assets on the straight-line method. At December 31, 2020 and 2019, the estimated lives were as follows:

|                               |                   |
|-------------------------------|-------------------|
| Leasehold improvements        | Life of the lease |
| Automobiles                   | 3 years           |
| Computer and office equipment | 3-5 years         |
| Buildings                     | 40 years          |
| Land improvements             | 15-20 years       |

Donated equipment is capitalized and reflected as a contribution at its estimated fair market value at the date of receipt.

Deferred Revenue – Sponsorships received in advance of the event are deferred and recognized in the period the event occurs.

Advertising and Publicity Costs – Advertising and publicity costs paid by the Organization are expensed as incurred. Advertising expense for years ended December 31, 2020 and 2019, was \$449,048 and \$78,659, respectively. Advertising and publicity costs are included in Public Relations expense on the Statements of Functional Expenses.

**1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Significant Accounting Policies (Continued)

Revenue Recognition – The Organization recognizes contribution income when cash, other assets or an unconditional promise to give is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. At December 31, 2020 and 2019 the Organization had no conditional promises to give. Contribution revenue is recorded as either with or without donor restrictions.

A portion of the Organization’s revenue is derived from cost-reimbursable grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific grant provisions.

During the year ended December 31, 2020, the Organization received funding through the Paycheck Protection Program of the federal CARES Act. The Organization met the conditions of forgiveness during the year ended December 31, 2020 and has recognized the funds as grant revenue. Grant revenue is classified as income without restrictions unless the use of the income is limited by donor restrictions.

As of December 31, 2020 and 2019 the Organization did not receive any grant funds in advance of the incurrence of allowable qualifying expenses.

The Organization recognizes revenue from exchange transactions in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, as amended. ASU No. 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Organization records the following exchange transaction revenue in its statements of activities for the years ended December 31, 2020 and 2019: *Other revenue – sale of merchandise and special event revenue*. The Organization sells various merchandise such as t-shirts that contain the Organization’s logo at program and fundraising events. The performance obligation is the purchase of the merchandise by the buyer and sales revenue is recognized at the point in time when the sale is completed.

The Organization records special events revenue equal to the fair value of direct benefit to donors, and contribution income for the excess received at the point in time which is when the event takes place. Any amounts received prior to the event date are recorded as deferred revenue. Revenue is recognized at the point in time when the event occurs.

*Disaggregation of Revenue from Contracts with Customers*

|                       | <u>2020</u>       | <u>2019</u>       |
|-----------------------|-------------------|-------------------|
| Special event revenue | \$ 63,565         | \$ 138,577        |
| Sale of merchandise   | 46,731            | 182,480           |
| Total                 | <u>\$ 110,296</u> | <u>\$ 321,057</u> |

Various economic factors could affect the recognition and cash flows, including the demand for merchandise, ability to hold special events, special event program attendance and prompt payment.

*Significant Judgements*

There are no significant judgements involved in the recognition of revenue from special events and sale of merchandise.

*Contract Balances*

The timing of revenue recognition, billings and cash collections results in billed accounts receivable and deferred revenue (contract liabilities) on the Statements of Financial Position. Contract liabilities are released as the performance obligations are met.

The beginning and ending contract balances were as follows:

|                     | <u>December 31,</u> |             |             |
|---------------------|---------------------|-------------|-------------|

Significant Accounting Policies (Continued)

In-Kind Contributions – The Organization records various types of in-kind support, as described in Note 6. Contributed services are recognized if the services received (a) create or enhance long-lived assets or b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received. The amounts reflected in the accompanying financial statements as in-kind support are offset by like amounts included in expense, except for those items that were capitalized and depreciated over their useful lives.

Additionally, the Organization receives a significant amount of contributed time including program, fundraising campaigns, and management which does not meet the two recognition criteria described above. Accordingly, the value of this contributed time has not been determined and is not reflected in the accompanying financial statements.

Functional Allocation of Expenses – The Organization classifies expenditures according to its three main functions of program services, management and general, and fundraising. Expenses which directly benefit programs are allocated to program services. Expenses which have no direct benefit for any program are included in management and general expense. Expenses incurred to induce others to make contributions are included in fundraising expense. Expenses not directly charged to a function are allocated based on estimates of time and effort. Expenses allocated based on estimates of time and effort include salaries and employee benefits/payroll taxes, equipment and facility rental, occupancy, travel, professional fees, staff development and public relations.

Income Taxes – Special Olympics Illinois, as a charitable organization, is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and similar provisions of State tax laws and has been classified as an organization that is not a private foundation.

New Accounting Pronouncements – May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, as amended by ASU No. 2015-14, which supersedes or replaces nearly all Generally Accepted Accounting Principles revenue recognition guidance. This standard establishes a new contract and control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time and will expand disclosures about revenue. The Organization implemented ASU No. 2014-09 and its related amendments as of December 31, 2019.

Significant Accounting Policies (Continued)

Future Accounting Pronouncements – In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*, to increase the transparency and comparability about leases among entities. The new guidance requires lessees to recognize a lease liability and a corresponding lease asset for virtually all lease contracts. It also requires additional disclosures about leasing arrangements. ASU No. 2016-02 as amended by ASU No. 2020-05 is effective for nonpublic entities for fiscal years beginning after December 15, 2021 and interim periods within fiscal years beginning after December 15, 2022. ASU No. 2016-02 originally specified a modified retrospective transition method which requires the entity to initially apply the new leases standard at the beginning of the earliest period presented in the financial statements. In July 2018, FASB issued ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*, providing a second, optional transition method which allows the entity to apply the new standard at the adoption date and recognize a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. The Organization is currently assessing the impact of this new standard, including the two optional transition methods.

In September 2020, the FASB issued ASU No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, to increase the transparency of contributed nonfinancial assets through enhancements to presentation and disclosure. The ASU will require not-for-profit entities to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets. The ASU also requires a not-for-profit entity to disclose contributed nonfinancial assets recognized within the statement of activities, disaggregated by category that depicts the type of nonfinancial assets and requires disclosure of additional qualitative information and policies regarding monetization or utilization of contributed nonfinancial assets; information about any donor-imposed restrictions; valuation techniques and inputs, and the principal market (or most advantageous market) used to arrive at a fair value measure if it is a market in which the recipient not-for-profit is prohibited by a donor-imposed restriction from selling or using the contributed nonfinancial assets. ASU 2020-07 is effective for annual periods beginning after June 15, 2021. The Organization is currently assessing the impact of this new standard.

## **2. FAIR VALUE MEASUREMENT**

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework uses a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. GAAP requires the Organization to maximize the use of observable inputs when measuring fair value. The hierarchy describes three levels of inputs, which are as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Significant unobservable inputs.

In many cases, a valuation technique used to measure fair value includes inputs from more than one level of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The categorization of an investment within the hierarchy reflects the relative ability to observe the fair value measure and does not necessarily correspond to the perceived risk of that investment.

If an investment that is measured using the net asset value (NAV) has a readily determinable fair value (that is, it can be traded at the measurement date at its published NAV), it is included in Level 1 of the hierarchy. Otherwise, investments measured using NAV's are not included in Level 1, 2, or 3, but are separately reported.

### Valuation Techniques

Following is a description of the valuation techniques used for assets measured at fair value on a recurring basis. There have been no changes to the techniques used during the years ended December 31, 2020 and 2019.

- Mutual funds: Valued at the NAV of shares on the last trading day of the fiscal year.
- Exchange traded funds: Valued at the NAV of shares on the last trading day of the fiscal year.
- Corporate debt securities: The investment grade corporate bonds held by the Organization generally do not trade in active markets on the measurement date. Therefore, corporate debt securities are valued using inputs including yields currently available on comparable securities of issuers with similar credit ratings, recent market price quotations (where observable), bond spreads, and fundamental data relating to the issuer.

**7. NET ASSETS WITH DONOR RESTRICTION**

Net assets with donor restriction at December 31, 2020 was \$40,577. Net assets with donor restriction were related to contributions given to the Organization to support Lake and Cook County general operations and the statewide Healthy Athletes programs. The Organization had no net assets with donor restrictions at December 31, 2019.

**8. BOARD DESIGNATED ENDOWMENT FUNDS**

The Organization has established a board designated Endowment Fund for the purpose of maintaining operating reserves for the Organization. The board designated Endowment Fund invests in mutual funds, marketable equity securities and corporate bonds with the objective of obtaining the maximum total return and providing current income while assuming a prudent degree of risk.

The Organization has adopted investment policies for its board designated Endowment Fund. The primary investment objective of the accounts is to seek growth of principal while providing investment income that will allow for the cash flow shortfall and capital fund growth. The investment approach shall be disciplined and consistent over time. Allocations between asset classes shall be modified when such actions are expected to produce incremental return, to reduce risk or both. The account initially will be invested in a combination of mutual funds, investment-grade fixed-income instruments, and equity investments with the number of individual common stock holdings ranging from 50 to 65 companies. A long-term view is taken when making investment decisions and evaluation the portfolio's aggregate rate of return.

The Organization's policy is only to appropriate for distribution each year if spending is needed from this reserve to fund operations. As of December 31, 2020 and 2019 no amounts were appropriated for spending in operations.

Transactions related to the board designated Endowment Fund for the years ended December 31, 2020 and 2019, are summarized as follows:

|  | <u>2020</u>         | <u>2019</u>         |

| Financial assets available to meet cash needs for general use within one year | <u>\$ 3,536,796</u> | <u>\$ 3,363,933</u> |

The Organization's cash flows have variations during the year attributable to timing of events held, funding received from the State, and reimbursements from the National Office. To manage liquidity, the Organization structures its financial assets to be available as general expenses, liabilities and other obligations come due.

**14. RISK AND UNCERTAINTIES**

Beginning around March 2020, the Covid-19 virus was declared a global pandemic and it continues to spread. Business continuity, Organization programs and funding sources could be severely impacted for months or beyond as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. Management is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

**15. SUBSEQUENT EVENTS**

The Organization applied for and was approved on February 15, 2021 for a second round loan under the Paycheck Protection Program of the Consolidated Appropriations Act. The Paycheck Protection Program Round 2 is a low-interest Small Business Administration (SBA) loan and can be used to fund payroll costs, including benefits and can also be used to pay for mortgage interest, rent, worker protection costs related to COVID-19 and certain other specified expenses for operations. The Organization was approved for a loan under this program in the amount of \$1,169,617 with an interest rate of 1% and a maturity date of February 15, 2026. As of the report date, loan forgiveness requirements had not been met, however management anticipates meeting the requirements of forgiveness within the eligible timeframe and under the requirements of the Program.
