

2021 ATHLETE LEADERSHIP TRAINING SCHEDULE

In Special Olympics Athlete Leadership, we partner with athlete leaders to educate people about the abilities of our athletes, provide leadership and skills training for athletes to be successful and support them in leadership roles inside and outside the movement.

Athletes interested in learning more about Athlete Leadership are invited to participate in the **Introduction to Athlete Leadership** and **Understanding Leadership** core classes. Upon completion of these 2 modules, athletes are credentialed as Athlete Leaders.

They will have the opportunity to build on these foundational classes with the 5 Advanced Leadership modules: **Understanding Emotions, Managing Time, Engaging with Others, Leadership Discussions, and Unified Leadership**. Upon further completion of these short modules, athletes have a Certified Athlete Leader endorsement. Additional benefits and opportunities become available for athletes that take the initiative to further develop their leadership skills.

The Special Olympics Leadership Roles such as Global Messenger, Health Messenger and Athlete Representative, will have in-person training in November at the Athlete Leadership Academy. More information to come out on this soon.
